

Lovely Professional University

ACADEMIC AND EXAMINATION RULES- SRT202

Presented by:

Mr. Amit Dutt-Asst. Professor & Asst. Dean

Ms. Mamta Rana-Assistant Professor

Learning Outcomes

- To enable the Teachers for effective counseling on Academic rules w.r.t.
 - ❖ Academic Calendar
 - ❖ Attendance requirements
 - ❖ Weightage of Attendance/Academic Tasks / MTT/ETE.
 - ❖ Grading system
 - ❖ Passing and Promotion Criteria
 - ❖ Schedule of Reappear Exams

- ✓ Better planning
- ✓ Examination dates – MTT, ETE , scrutiny
- ✓ Term break for students, holidays etc.
- ✓ Bookings can be done in advance

Where can we find the Academic Calendar?

- **For Faculty Members**
- **For Students**

Academic Calendar

For Faculty Members :

UMS Navigation → Academic → Policies and Formats
→ Academic Calendar for Autumn or Spring Term (or
Current Year in Physical Education courses)

Academic Calendar

How can you guide students for important dates ?

For Students : Login UMS ..then go to ...

Important Links → Academic Calendar for Autumn or Spring Term (or Current Year in Physical Education courses)

ACTIVITY 1

Students of batch 2013-14 of B. Tech. (4 years) have the following attendance record (given in the table below) :

a) What percentage shortage in attendance will be condoned for the students ?

b) Will they be permitted to appear for ETE? Why?

Case (for continuing students)	Aggregate attendance in Term I (2013-14)	Aggregate attendance in Term II (2013-14)	Aggregate attendance in Term I (2014-15)	% age shortage in attendance that may be condoned	Permitted to appear in ETE after condoning of attendance
Student 1	82	84	67	?	?
Student 2	75	76	65	?	?
Student 3	84	91	61	?	?

Solution to ACTIVITY 1

Students of batch 2013-14 of B. Tech. (4 years) have the following attendance record (given in the table below) :

Case (for continuing students)	Aggregate attendance in Term I (2013-14)	Aggregate attendance in Term II (2013-14)	Aggregate attendance in Term I (2014-15)	% age shortage in attendance that may be condoned	Permitted to appear in ETE after condoning of attendance
Student 1	82	84	67	Term I= 6% Term II= 6% Max. To be Condoned = 10%	Yes , all the courses
Student 2	75	76	65	Term I= 4% Term II= 4% To be Condoned = 8%	Partial Detention
Student 3	84	91	61	Cannot be condoned	Full detention

ACTIVITY 2(a)

A Student of Term I batch 2014-15 of B. Tech. (4 years) have the following attendance record (given in the table below) :

a)What percentage shortage in attendance will be condoned for the student ?

b)Will he/she be permitted to appear for ETE? Why?

Case(Fresh men)	Aggregate attendance Before Mid Term in Term I (2014-15)	Aggregate attendance After Mid Term in Term I (2014-15)	Aggregate attendance at the end of Term I (2014-15)	% age shortage in attendance that may be condoned	Permitted to appear in ETE after condoning of attendance
Student 1	76	68	72	?	?

Solution to ACTIVITY 2(a)

A Student of Term I batch 2014-15 of B. Tech. (4 years) have the following attendance record (given in the table below) :

a)What percentage shortage in attendance will be condoned for the student ?

b)Will he/she be permitted to appear for ETE? Why?

Case (for Freshmen)	Aggregate attendance Before Mid Term in Term I (2014-15)	Aggregate attendance After Mid Term in Term I (2014-15)	Aggregate attendance at the end of Term I (2014-15)	% age shortage in attendance that may be condoned	Permitted to appear in ETE after condoning of attendance
Student 1	76	68	72	Before Mid-Term = 4% After Mid-Term=0 % Higher of the Two= 4% Net Condoned = 8%	Yes , all the courses

ACTIVITY 2(b)

A Student of Term II batch 2014-15 of B. Tech. (4 years) have the following attendance record (given in the table below) :

a)What percentage shortage in attendance will be condoned for the student ?

b)Will he/she be permitted to appear for ETE? Why?

Case (for Freshmen in Term II)	Aggregate attendance in Term I (2014-15)	Aggregate attendance in Term II (2014-15)	% age shortage in attendance that may be condoned	Permitted to appear in ETE after condoning of attendance
Student 1	76	68	?	?

Solution to ACTIVITY 2(b)

A Student of Term II batch 2014-15 of B. Tech. (4 years) have the following attendance record (given in the table below) :

a)What percentage shortage in attendance will be condoned for the student ?

b)Will he/she be permitted to appear for ETE? Why?

Case (for Freshmen in Term II)	Aggregate attendance in Term I (2014-15)	Aggregate attendance in Term II (2014-15)	% age shortage in attendance that may be condoned	Permitted to appear in ETE after condoning of attendance
Student 1	76	68	Term I= 4% Term II= N.A Max. To be Condoned = 8%	Yes , all the courses

ATTENDANCE REQUIREMENTS

Student is advised to attend all the classes for increase in depth of knowledge in courses

Attendance requirements :

- A student should attend 80% or more in aggregate of delivered classes .
- A relaxation of 05% in attendance is granted to take care of a student's absence due to medical reasons and other genuine exigencies. No medical certificates to be submitted.
- Minimum of **75%** attendance in an individual course to **appear in ETE** and **earn marks** is required (UGC : min.75% attendance)

➤ Marks for attendance would be awarded in a course as per the following:

Attendance %	Marks
90% or more	5
85% or more but less than 90%	4
80% or more but less than 85%	3
75% or more but less than 80%	2

➤ Further condoning of attendance upto a maximum of 10% based on the student's past attendance record

Attendance % age in aggregate in the previous term (s) available	% age shortage in attendance that may be condoned
90% or more	10
85% or more but less than 90%	8
80% or more but less than 85%	6
75% or more but less than 80%	4

- Condoning only enables students to appear in the examination. It **does not** facilitate in gaining marks.
- Students with an aggregate attendance of **below 65%** shall be detained and awarded fail grades.
- No marks for attendance is awarded for Part Time Courses

HOW ATTENDANCE IS CONDONED FOR STUDENTS?

Continuing Students :

The aggregate attendance of the immediate previous two terms will be taken into consideration.

Percentage shortage in attendance that may be condoned would be determined by considering the sum of the two previous terms aggregate attendance (as per table) **subject to a maximum condoning of 10% in a term.**

HOW ATTENDANCE IS CONDONED FOR STUDENTS?

For Freshmen in Term I :

Aggregate attendance percentage will be calculated separately for **'before Mid Term'** and **'after Mid Term'** periods.

Percentage shortage in attendance that may be condoned would be determined by taking / considering the **double of the higher of the two percentages** (as per above table) **subject to a maximum condoning of 10% in a term.**

HOW ATTENDANCE IS CONDONED FOR STUDENTS?

For Freshmen in Term II :

considering the double of the aggregate attendance percentage of the previous term as per above table
subject to a maximum condoning of 10% in a term

From the second year onwards, condoning would be done as in case of continuing students

STUDENT EVALUATION

Purpose - To evaluate the transfer of learning throughout the period of teaching, Instead of one point evaluation at term end.

STUDENT EVALUATION

Components of evaluation :

- ✓ Continuous Assessment(CA)
 - Attendance
 - Academic Tasks (AT)
- ✓ Mid-Term Test(MTT)
- ✓ End-Term Exams(ETE)

For **most** of the courses the weightages associated with a component will be :

Attendance	5%
CA	20%
MTT	25%
ETE	50%

Activity 4- Calculation of Marks (Case 1)

Marks given along with the weight ages of each of the components i.e. CA, Attendance, MTE and ETE. Calculate total marks of the student in this particular course

Component of Evaluation	Marks Max	Marks Obtained	Weightage	Weighted Marks Obtained
CA	100	95	20	
MTT	50	40	25	
ETT	100	70	50	
Attendance	5	5	5	
			100	

Solution to Activity 4- Calculation of Marks

Component of Evaluation	Marks Max	Marks Obtained	Weightage	Weighted Marks Obtained
CA	100	95	20	19
MTT	50	40	25	20
ETT	100	70	50	35
Attendance	5	5	5	5
			100	79

Passing Criteria

A. To obtain a Pass Grade (A+, A, B, B-, C, C- and D) in a course, a student must obtain:

A Minimum of **40%** marks in the course as a whole (Attendance + CA + MTT + ETE) subject to fulfilling any one of the following conditions:

- (i) Scoring minimum 30% marks in ETE , or
- (ii) Scoring minimum 30% in ETE and MTT taken together.

If any regulatory authority has imposed stricter conditions on passing for a particular programme, the same shall prevail.

B. To obtain a Pass Grade (A+, A, B, B-, C, C- and D) **in a course with L-0 T-0 P-0** (e.g. Projects, Dissertations, trainings etc.), a minimum of **50%** marks in total i.e. CA + MTT + ETE + Attendance will be required subject to scoring minimum **40%** marks in End term evaluation.

Activity 3 (i)- Calculation of Marks

Marks given along with the weightages for all the components CA, Attd, MTE, ETE are given. Calculate total marks of the student and suggest whether the student has obtained Pass grade or not.

Component of Evaluation	Marks Max	Marks Obtained	Weightage	Weighted Marks Obtained
CA	100	95	20	
MTT	50	39	25	
ETT	100	67	50	
Attendance	5	5	5	
			100	

Activity 3 (i)- Calculation of Marks

Component of Evaluation	Marks Max	Marks Obtained	Weightage	Weighted Marks Obtained
CA	100	95	20	19
MTT	50	39	25	20
ETT	100	67	50	34
Attendance	5	5	5	5
			100	78

Activity 3 (i)- Calculation of Marks

Marks given along with the weightages for all the components CA, Attd, MTE, ETE are given. Calculate total marks of the student and suggest whether the student has obtained Pass grade or not.

Component of Evaluation	Marks Max	Marks Obtained	Weightage	Weighted Marks Obtained
CA	100	95	20	
MTT	50	25	25	
ETT	100	28	50	
Attendance	5	5	5	
			100	

Activity 3 (i)- Calculation of Marks

Component of Evaluation	Marks Max	Marks Obtained	Weightage	Weighted Marks Obtained
CA	100	95	20	19
MTT	50	25	25	13
ETT	100	28	50	14
Attendance	5	5	5	5
			100	51

Activity 3 (i)- Calculation of Marks (Case 3)

Marks given along with the total weightages of the components CA, Attd, MTE, ETE. Calculate total marks of the student

Component of Evaluation	Marks Max	Marks Obtained	Weightage	Weighted Marks Obtained
CA	100	95	20	
MTT	50	15	25	
ETT	100	28	50	
Attendance	5	5	5	
			100	

Activity 3 (i)- Calculation of Marks

Component of Evaluation	Marks Max	Marks Obtained	Weightage	Weighted Marks Obtained
CA	100	95	20	19
MTT	50	15	25	8
ETT	100	28	50	14
Attendance	5	5	5	5
			100	46

RE-APPEAR GRADE – ‘E’ AND REAPPEAR EXAM

- In case student is not able to meet the passing condition, ‘E’ grade will be awarded.
- To clear ‘E’ grade courses, a student will have the following options:
 - Option- I : Appear for RE-APPEAR Exam
(if student wants to retain the CA) OR
 - Option – II: RE-REGISTER the course as a backlog course
(if student wants to improve the CA)
- The weightage of the re-appear exam will be equal to weightage of MTT + ETE for that course.
- The student may apply for re-appearing in the immediate NEXT THREE reappear examinations held after the term in which the student has registered the course in which E grade was awarded.
- If one is still not able to pass, E grade gets converted to F grade.

Activity 4- Calculation of Marks

Marks given along with weightages of the components CA, Attendance, MTE, ETE. Calculate marks required in Re-appear ETE to get pass grade.

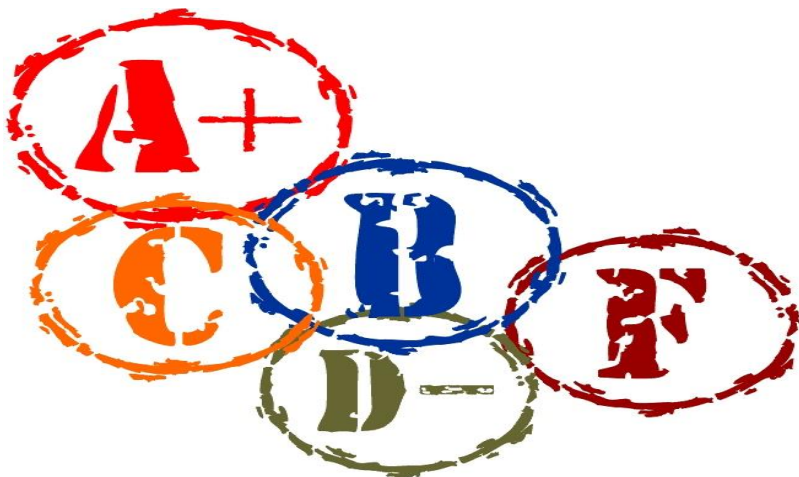

Component of Evaluation	Marks Max	Marks Obtained	Weightage	Weighted Marks Obtained	Marks Required
CA	100	95	20	19	
MTT	50	5	25	3	
ETT	100	10	50	5	
Attendance	5	5	5	5	
			100	32	

Activity 4- Calculation of Marks

Marks given along with weightages of the components CA, Attendance, MTE, ETE. Calculate marks required in Re-appear ETE to get pass grade.

Component of Evaluation	Marks Max	Marks Obtained	Weightage	Weighted Marks Obtained	Marks Required
CA	100	95	20	19	48/100
MTT	50	5	25	3	
ETT	100	10	50	5	
Attendance	5	5	5	5	
			100	32	

Min. marks required in Re-appear ETE= 48/100

GRADING SYSTEM

<i>Letter</i>	<i>Grade Performance</i>	<i>Grade Point</i>
A+	Outstanding	10
A	Very good	9
B	Good	8
B-	Above Average	7
C	Average	6
C-	Below Average	5
D	Marginal	4
E	Reappear	0
F	Fail	0
I	Incomplete	--
S	Satisfactory (for zero credit course only)	
U	Unsatisfactory (for zero credit course only)	

THE RESULT

- **TGPA : Term Grade Point Average**
- **CGPA : Cumulative Grade Point Average**

TGPA

- Performance of a student in particular term is measured by TGPA.
- It is a weighted average of the grades secured in all the courses taken in a term.

$$TGPA = \frac{\sum C_n G_n}{\sum C_n}$$

where,

- C_n is the number of credits associated with the n th course of a term.
- G_n is the grade point earned in the n th course, and the summation extends over all the courses in which grades are obtained.

CGPA

- It indicates the overall academic performance of a student in all the courses registered up to and including the latest completed term.
- Computed in same manner as TGPA, the summation extends over all courses in which a student was registered up to and including the term for which CGPA is calculated

Important:

- The calculation of TGPA/CGPA will include the credits for courses in which the student has been awarded 'E' or 'F' grades.

Activity 4- Calculation of TGPA and CGPA

Term	Course Code	Grade	Credit	Grade Num				TGPA
Term 1	BTY317	C	2	6				
	ECE133	E	3	0				
	MEC107	D	4	4				
	MTH103	E	5	0				
	MTH104	A+	3	10				
	MTH302	B	4	8				
Term 2	CAP002	B-	2	7				
	MTH102	A+	4	10				
	PHY107	E	6	0				
	CSE415	F	4	0				
	INT408	G	2	0				
	BTY506	C	1	6				
	ENG101	D	3	4				
			43					
				CGPA				

Activity 4- Calculation of TGPA and CGPA (Solution)

Term	Course Code	Grade	Credit	Grade Points	Credit * Grade Points	TGPA
Term 1	BTY317	C	2	6	12	
	ECE133	E	3	0	0	
	MEC107	D	4	4	16	
	MTH103	E	5	0	0	
	MTH104	A+	3	10	30	
	MTH302	B	4	8	32	
Sum Total			21		90	90/21=4.28
Term 2	CAP002	B-	2	7	14	
	MTH102	A+	4	10	40	
	PHY107	E	6	0	0	
	CSE415	F	4	0	0	
	INT408	G	2	0	0	
	BTY506	C	1	6	6	
	ENG101	D	3	4	12	
			43		162	162/43=3.76
				CGPA		(90+72)/(21+22)=3.76

PROMOTION TO NEXT YEAR

A student will be promoted to the next year of a programme, if he satisfies the following conditions:

- **After First Year:** He has passed a minimum of 40% of the Courses prescribed in the 1st year
- **After Second Year:** He has passed a minimum of 50% of the Courses prescribed in first two years i.e. 1st and 2nd year taken together
- **After Third Year and onwards:** He has passed a minimum of 60 % of the Courses prescribed in all the terms taken together till that time

Activity 5- Will a student of B.Tech Prog. be promoted from 1st to 2nd year with the below mentioned Grades

Promoted or not		
Term	Course Code	Grade
Term 1	BTY317	C
	ECE133	E
	MEC107	D
	MTH103	E
	MTH104	A+
	MTH302	B
Term 2	CAP002	B-
	MTH102	A+
	PHY107	E
	CSE415	F
	INT408	E
	BTY506	C
	ENG101	D
	Total Courses	
	Pass Courses	

Promoted or not		
Term	Course Code	Grade
Term 1	BTY317	C
	ECE133	E
	MEC107	E
	MTH103	E
	MTH104	A+
	MTH302	F
Term 2	CAP002	B-
	MTH102	E
	PHY107	E
	CSE415	F
	INT408	E
	BTY506	F
	ENG101	D
	Total Courses	
	Pass Courses	

Solution to Activity 5- Will a student of B.Tech Prog. be promoted from 1st to 2nd year with the below mentioned Grades

Promoted or not		
Term	Course Code	Grade
Term 1	BTY317	C
	ECE133	E
	MEC107	D
	MTH103	E
	MTH104	A+
	MTH302	B
Term 2	CAP002	B-
	MTH102	A+
	PHY107	E
	CSE415	F
	INT408	E
	BTY506	C
	ENG101	D
	Total Courses	
	Pass Courses	

Promoted or not		
Term	Course Code	Grade
Term 1	BTY317	C
	ECE133	E
	MEC107	E
	MTH103	E
	MTH104	A+
	MTH302	F
Term 2	CAP002	B-
	MTH102	E
	PHY107	E
	CSE415	F
	INT408	E
	BTY506	F
	ENG101	D
	Total Courses	
	Pass Courses	

40 % of Total Courses i.e. 13 = 5.2 student will have to clear min. of 05 courses of 1st year in order to be promoted. Hence Student 1 is promoted and Student 2 is not promoted

SCHEDULE OF REAPPEAR EXAMINATION

Sr No	Event	Session
1	Reappear Examination of Immediate Previous Even Term (Second Chance)	Sundays of the Autumn Term.
2	Reappear Examination of Immediate Previous Odd Term (First Chance)	Sundays of the Spring Term.
3	Reappear Examination of All Previous Term	Immediately after the ETE of Spring Term.
4	Reappear Examination of Immediate Previous Even Term (First Chance)	Immediately after the Reappear of the All Previous Terms.

FAIL GRADE – ‘F’

- F grade will be awarded in three cases:
 - Case I : Student does not satisfy the attendance requirement for being eligible to appear in the End Term examination.
 - or
 - Case II : Student has availed all the chances for re-appearing in ETE for clearing 'E' grade in a course.
 - or
 - Case III : F grade awarded by the Unfair Means Case (UMC) Board .
- To clear F grade student has to re-register the course and attend classes and appear for all components of evaluation (CA, MTT and ETE).

IMPROVEMENT EXAMINATION

In case a student after obtaining the Pass Grade, wants to improve his result, he will have two options:

Option 1: Reappear for the course

Option2: Re-register the course

PROMOTION CRITERIA IN DUAL DEGREE / INTEGRATED PROGRAMMES (for batch 2012 and onwards)

The promotion of a student to higher qualification (degree/diploma/certificate) is subject to satisfying the following condition:

The student till date has scored a minimum CGPA of **5.5** for grade based programmes or a minimum **50%** marks for marks based programmes.

If any regulatory authority has imposed stricter conditions on passing for a particular programme, the same shall prevail.

PROMOTION CRITERIA IN DUAL DEGREE / INTEGRATED PROGRAMMES (for batch before 2012)

The promotion of a student to higher qualification (degree/diploma/certificate) is subject to satisfying the following condition:

The student till date has scored a minimum CGPA of **5.0** for grade based programmes or a minimum **45%** marks for marks based programmes.

If any regulatory authority has imposed stricter conditions on passing for a particular programme, the same shall prevail.

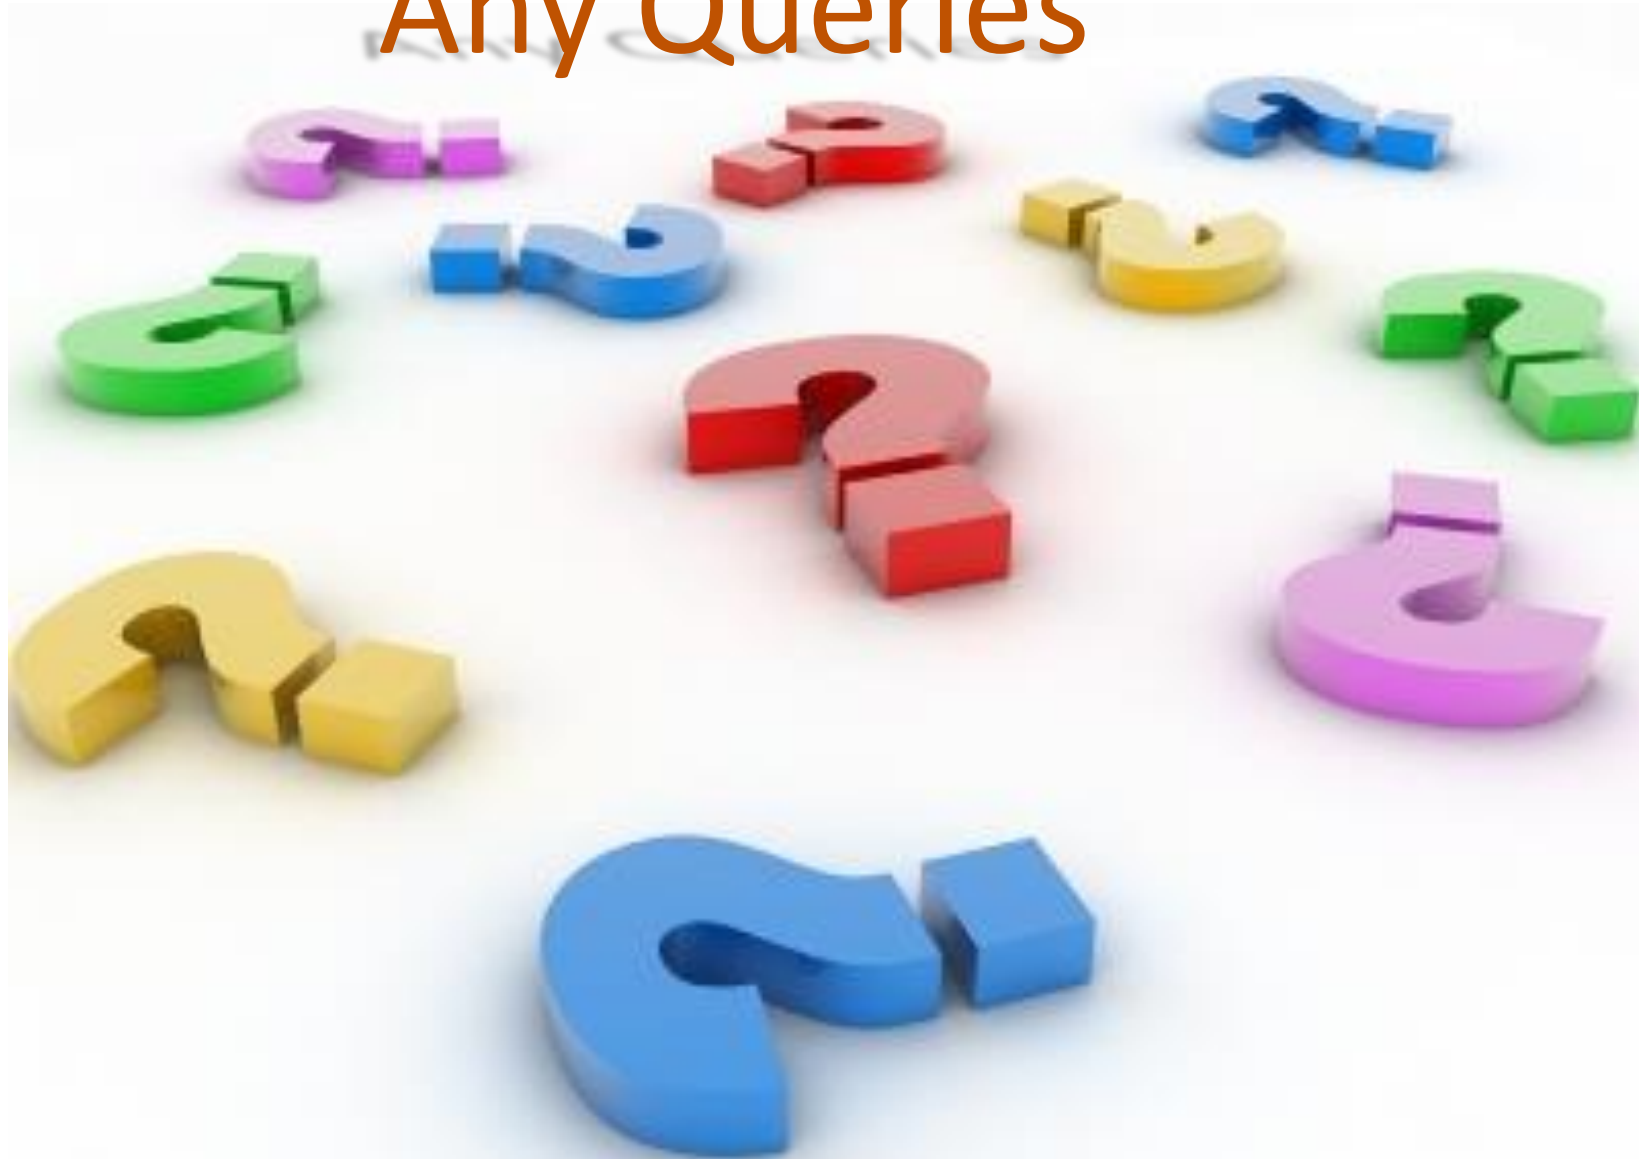

MINIMUM CGPA FOR AWARD OF DEGREE (Grade Based Programmes)

The minimum CGPA required for the award of Certificate / Diploma / Undergraduate Degree / Postgraduate Degree for Grade based Programmes is 5.0

Equivalent percentage calculator= $\text{CGPA} \times 9.0$

Any Queries

Thank You!!
